Date: 26.10.2023

Standing Order- 21/2023

Subject: Feedback Containers under CSD hold and forwarded for examination by DC/Docks: -reg.

Container Scanning Division scans the containers on the basis of selection through specially designed IGM based Targeting Module i.e. CSM (Container Scanning Module). The Officers scanning the containers identify the goods vis-à-vis scanned image. Where there is no discrepancy they stamp the EIR copy as CLEAN image thereby granting NOC for such containers at the scanning site itself. For the containers where the images are doubtful regarding scanned image in reference to goods description in IGM, the EIR copies are stamped suspicious and these suspicious images are forwarded to DC/Docks for examination at their end.

2. Suspicious Images are being sent to DC/Docks so that due care is taken while examining such suspicious containers from security point of view as well as from revenue angle. It has been observed that no feedback is received in Container Scanning Division in these cases regarding detection of any violation in terms of misdeclaration of cargo; weight or non-declared goods and the action taken thereof viz loading of value; adjudication; fine and penalty, if any. Therefore, the report of discrepancies vis-a vis the suspicious containers whose image is furnished may be forwarded on mail to container Scanning Division at the email id csd.jnch@gov.in.

3. Further, for ensuring better quality of feedback so as to improve the working of CSD and to reflect the performance of scanning, the report should be as per below mentioned proforma:

Sr.No.	B/E No.	B/E Date	Container No.	IGM No.	CFS Name	Goods Found in area Marked Suspicious by CSD Officer	RMS/CCR Instructions, if any	Whether LCL/FCL	Special Observations of DC/Docks on Suspicious marked area for improving Analytical Skills of CSD Officers

4. Also, the report furnished should have following attachments:

- Copy of B/E of all items
- CSD scan images

- iii) Photographs During examination including seal number on front gate.
- iv) Photographs of area marked suspicious in CSD image.
- v) Multiple Photographs while emptying the boxes/cartons/other packaging material.
- vi) Other relevant Photographs.
- vii) Videography.

All concerned should ensure the compliance of this Standing Order.
